

Winter Has Come

Valerie, Brenda

**Winter has come,
the sky is new there
is something new to
do**

**That new thing is to play
outside and get the fun
inside**

**There is no school today
because today is winter
day**

**The snow is deep, there is
time to go to sleep**

**There is no work for your
father and your mother
because it is winter today**

There is no time today will, we see you a day.
