

Cyber bullying

By: Ashley

What I would like to talk to you people about is cyber bulling. Cyber bullying is like bullying, but cyber bullying is on the Internet. Never cyber bully because you can get cyber bullied back and you won't like it! Also, if someone is cyber bullying you don't respond and he/she will stop, and if he/she still doesn't, block them super fast! Also cyber bullies also sometimes pretend to be you and also share embarrassing photos, and status updates. Some cyber bullies call your friends loser or even stink bomb, jerk, diaper boy, nemrod, idiot, or even stupid!!! Ok guys this is the end of my blog. Hey you guys promise me, the people who read this, to never cyber bully!!!!
